44  
45  
46

**UNFINISHED BUSINESS**

**1. Review and recommendation of zoning regulations necessary or desirable relating to growing, testing and distributing cannabis for medicinal purposes.**

City of Des Peres, Board of Aldermen

Mrs. Ahrens gave a short summary of the subcommittee meeting held 3/26/19. She pointed out local governments don’t have much say whether or not cannabis can be allowed in their jurisdiction. They’d only have regulations in regards to distance from schools and churches, as well as, signage. Mrs. Ahrens claims the subcommittee is leaning towards treating medicinal cannabis the same as an “adult business” and has favored restricting medical marijuana operations to commercial districts, which would ban the placement of facilities in residential areas. Our two greenhouses are in residential areas.

She stated Des Peres Public Safety will be in attendance at the next subcommittee meeting, scheduled for 4/16/19.

To be a medical cannabis provider, a physician, NP, etc. would need to be licensed by permit by the state, which the City has no control over.

50 Mr. Meyer pointed out there are 4 types of facilities to discuss – growing, testing, manufacturing  
51 of edibles, etc.; and dispensaries. The state has allocated 192 dispensary licenses throughout  
52 Missouri, 24 of which being in St. Louis County. Des Peres could have a dispensary, or not.  
53 The next subcommittee meeting is scheduled for 4/16/19 at 4:00 pm.

54

55 **2. Petition for Site Plan approval at 13200 Manchester Rd.**

56 Petition remains tabled. Petitioner did not submit revised plans.

57

58 **3. Petition for Conditional Use Permit at 12247 Manchester.**

59 Mr. Mura said the subcommittee met March 28, 2019 and April 3, 2019 to discuss the  
60 Conditional Use Permit at The Village Bar. The subcommittee recommended approval to the full  
61 commission.

62 Mr. Mark Disper highlighted some concerns the subcommittee had raised previously. The  
63 turning radius is adequate and will not disrupt the flow of traffic in the parking lot. The number  
64 of parking spaces meets the requirements of the City. He claimed he purchased the  
65 neighboring property in January 2019 and there is a walkway between the two lots. There were  
66 previous concerns from residents that the lighting was too bright, or too dim – Mr. Disper  
67 submitted his lighting plan, which is not offensive to the park and is adequate to Des Peres  
68 standards.

69 The new addition to the barn will include 2 stills, one 500 gal and one 200 gal, with storage bins  
70 on the first floor. There will be no odor or noise from the operation. He states there will be a  
71 glass wall between the event space and stills with no direct access to customers. Waste  
72 materials will be stored in totes, capped and taken away on trucks.

73 Mr. McDonald asked how many stills there were and how many gallons they produce.

74 Mr. Disper answered two stills, one 500 gallon, one 200 gallon.

75 Mr. McDonald asked if the capacity changes with different alcohol being distilled?

76 Mr. Disper answered no, because distillation of spirits is capped at 20,000 proof gallons per  
77 year per the requested Conditional Use Permit.

78 Mr. Mura said the subcommittee is comfortable with all requirements put in the Conditional Use  
79 Permit.

80 Mr. Oeltjen asked about the safety of the park and if that was discussed.

81 Mr. Mura said Des Peres Chief Hall, and Fire Marshall have reviewed plans and are in favor of  
82 the design and manufacturing specifications.

83 Mr. McDonald asked if delivery times will affect traffic on Manchester with parents and  
84 guardians dropping children off to school and going to work.

85 Mr. Disper claimed not any more than the existing businesses along Manchester.

86 Mr. Oeltjen asked what makes this an accessory use?

87 Mr. Clithero (Lathrop Gage, Atty) stated Des Peres zoning code language makes sure craft  
88 distilleries and microbreweries remain solely an accessory use. The accessory use cannot  
89 grow larger than the business.

90 Mr. Oeltjen asked what is the square footage of the barn in relation to the bar?

91 Mr. Disper said the barn is approximately 63% of what the bar is.

92 After no further discussion Mrs. Ahrens made a motion to approve the Conditional Use Permit  
93 as it applies to The Village Bar.

<b>RESULT:</b>	<b>APPROVED (ROLL CALL)</b>
<b>MOVER:</b>	ANNA AHRENS, COMMISSION VICE CHAIR
<b>SECONDER:</b>	TERRIE GWIN, COMMISSION MEMBER
<b>AYES:</b>	OELTJEN, AHRENS, GWIN, KENNEDY, PAWLOWSKI, MURA, MATHENY, JONTRY
<b>NAYS:</b>	STEVENS, MCDONALD
<b>ABSTAIN:</b>	BECKER, BARRETT
