

Memorial Bench and Tree Program

Donations of trees and benches are gratefully accepted by the Parks Department for the continued beautification of and support of the Des Peres Park System. The gift of a tree or bench is a lasting tribute that recognizes and honors the legacy of a loved one, organization, or event. Your donation will be used to purchase a tree or bench to be located in the park of your choice. The Department reserves the right to waive or reject any donation which is not in compliance with its long-range goals. Trees are planted late Fall through early Spring. Locations of tree/benches to be agreed upon prior to installation by park staff.
